LEE FWC of Serial No. 07/614,452

IN THE CLAIMS:

32

Claim 2, line 2, after "the" insert -- GDF-1 --.

Amend claim 15 as follows:

protein[, or functionally equivalent variation thereof,]
comprising culturing [said] the host cell [according to] of claim
under conditions such that [said segment is expressed and]
said GDF-1 protein is [thereby] produced, and isolating said GDF-1
protein.

Amend claim 21 as follows:

21. (Amended) A method of producing a recombinant VOG-1 protein[, or functionally equivalent variation thereof,] comprising culturing [said] the host cell [according to] of claim 20 under conditions such that [said segment is expressed and] said VOG-1 protein is [thereby] produced, and isolating said VOG-1 protein.

REMARKS

The applicant's parent case is being refiled for the purpose of continuing prosecution before the Examiner.
